We have reviewed the accompanying condensed interim statement of financial position of Bahrain Car Parks Company B.S.C. ("the Company") as at 30 September 2014, the condensed interim statement of profit or loss and other comprehensive income, the condensed interim statement of changes in shareholders' equity and the condensed interim statement of cash flows for the nine months then ended, and selected explanatory notes. The Company's Board of Directors is responsible for the preparation and presentation of this condensed interim financial information in accordance with International Accounting Standard 34 - "Interim Financial Reporting". Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, - "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information does not present fairly, in all material respects, the financial position of the Company as at 30 September 2014, and its financial performance and its cash flows for the nine months then ended in accordance with International Financial Reporting Standard IAS 34 - "Interim Financial Reporting".
